EXPERIENCE

2023- PRESENT

UI UX DESIGNER

Vive Printing | Lahore

Innovative UI/UX Designer at Omega Tech Solutions dedicated to creating seamless user experiences through research-driven design. Led projects from planning to execution, conducting stakeholder interviews, developing personas and sitemaps, prototyping interactions, and testing usability.

- Created user interfaces with sophisticated design and information architecture to ease customer journey and improve user experience resulting in an 18% increase in customer satisfaction.
- Executed wireframe and prototype creation for packaging vendor e-commerce platform, resulting in a 50% reduction in customer support inquiries and a 20% increase in average order value.
- Conducted end-user testing on clickable prototypes to identify and resolve UX issues before development
- Developed wireframes, prototypes, and visual assets to optimize the packaging vendor e-commerce experience; resulting in a 40% increase in conversion rate and a 25% decrease in cart abandonment rate.

2023

UI UX DESIGNER

Tech Partner | Lahore

Creative and skilled UI/UX Designer at TechPartner specializing in translating brand identity into visually appealing user interfaces. Collaborated closely with UX team on Vive Tech website redesign to harmonize UI with enhanced user flows. Conceptualized aesthetics through mood boards, style tiles, and high-fidelity responsive mockups across all site pages and assets. Designed logo, icons, and graphical elements aligned with brand guide

- Collaborated with UX designers on Vive Tech website redesign to conceptualize visual style and branding
- Created mood boards, style tiles, and high-fidelity visual mockups for home, product, and contact pages
- Designed logo, icons, and other graphical elements aligned with brand identity
- Implemented UI designs using HTML, CSS, and JavaScript based on approved responsive wireframes

2022 - 2023

UI UX DESIGNER

Orbiquon | Lahore

Skilled UI/UX Designer at Orbiquon committed to enhancing digital products through intuitive yet visually engaging interfaces. Led mobile UI design for All-in-One PDF app focused on usability and simplicity. Developed comprehensive style guide and component library aligned with Orbiquon's brand standards. Rapidly iterated on visual assets based on usability test findings and end user feedback. Passionate about crafting seamless user experiences through clean, frictionless UI design.

- Designed mobile UI for an All-in-One PDF app focused on simplicity
- Developed style guide and component library to align with brand standards
- Iterated visual designs based on usability test findings

● **2021**

UI DESIGNER

UI Designer | Islamabad

Innovative UI Designer at GODESIGN focused on crafting visually compelling and user-friendly interfaces. Led efforts to design Talent Hunt web portal through wireframing, prototyping, and creating visual assets. Conducted competitive analysis and usability studies to guide portal design. Collaborated closely with engineering team through agile development process to bring designs to life. Passionate about fusing aesthetics and usability to elevate user experience.

- Created wireframes, prototypes, and visuals for the Talent Hunt web portal
- Performed competitive analysis and usability studies to inform portal design
- Collaborated with the engineering team through the agile development process
