## PROJECTS

2022

CODESIGN

Talent-Hunt-Program

The Talent Hunt program is a freelancer platform where people can create their own profile and get work done.

The best thing about this project is that it is absolutely free. The interface of this project has been made according to the needs of the users.

2022

ORBIQON-LAHORE

Car wash Mobile App

This project is about a Startup focusing on door-to-door car cleaning service. Car owners can easily schedule their car cleaning at their place only in a few minutes by using the app. There are two features in the car wash app. One is the facility of immediate car wash, and the other one can schedule a time for it.

In the searching feature, it will automatically search for the suitable car washer for you and it will be allocated to you. You can select your desired time and date which best for you.

Hi ! I'm **Muhammad Usman**, I'm a UI/UX Designer by Profession.

I got my Master of Computer Science From **The Islamia University of Bahawalpur** in 2021.

I'm Computer Science Engineer & **UI/UX Designer** Specialist. Devised site maps, user flows, wireframes and mockups for designs based on proven methodologies, stakeholder requests and end-user feedback. Used Various Web Design Packages to Develop Custom-Crafted, Customer Focused Websites and Used Different Graphical Techniques for Graphic Designing, committed to high Standard of user Experience.
